

Dolphins & Teleportation Symposium

Extraordinary revelations and personal experiences of Time Travel, dolphins and our evolving paradigm for 2012 in harmony with Earth.

Kona, Hawai'i

June 19 - 24, 2011

You are invited to join us for 6 days and 5 nights on the Big Island of Hawaii to celebrate Time Travel experiences and dolphin contact at the beautiful oceanfront King Kamehameha Kona Beach Hotel in Kona, Hawaii with:

- *Joan Ocean, M.S.: Author, Expert on dolphins and Windows in Time.*
- *Andrew D. Basiago: Time traveler with DARPA, author, attorney, Director of the Mars Anomaly Research Society (MARS); Discovery of Life on Mars.*
- *Alfred Lambremont Webre, JD, M Ed: futurist, author, Martians on Earth, Founder of Exopolitics, presenting intelligent civilizations in the multi-verse.*
- *Laura Magdalene Eisenhower: brilliant teacher, Mars recruit/divine feminine/Sophia.*
- *Jean-Luc Bozzoli: Interspatial visionary artist, Symposium host.*

Join us as we share documented experiences of:

Forty years of physical Time Travel to multiple locations including our Past and our Future; definitive proof of time travel with interstellar civilizations, including slides of life forms on Mars; details of the terrain from the witnesses and also the actual visitations to past events such as the Civil War, signing of the Declaration of Independence, Lincoln's Gettysburg address, Martians on Earth and visiting the future; and the actual encounter with the holographic Matrix that oversees our planet.

We will swim among free dolphins in the warm ocean waters (optional) and learn about the dolphins' vertical intervention, aka Windows in Time; focusing on teleportation, changing time lines; E.T. Contact; quantum merging; heart opening, cell activating, soul leadership, Geomancy; Gaia and Sophia; meditation; mysticism and physics with logic and wisdom; Alternative 4 - the peaceful reality we are choosing to create; spanning Galactic Peace to World Peace.

Listening to the fascinating life experiences of our speakers and sitting in circle with them, you will feel the loving energy in the room, elevating the Light of our mutual new awareness with our speakers and each other. Their story is one of synchronicity and divine guidance. Living in different parts of the northern hemisphere, these people were unexpectedly brought together to complete a specific task of revealing galactic civilizations other than our own, to Earth's population. Their story of how they came together and what they were tasked to do, will amaze, inspire and then comfort you. It is a reminder of the greater world that works within us in a benevolent way when we are willing to step forward without fear of reprisals, and without prejudice and judgment. We will learn what is ahead in our wonderful new understanding of higher conscious with Gaia and beyond.

Each registrant will receive (included in the registration cost):

One of Joan Ocean's books detailing the role of our highly intelligent dolphins and whales; and their relationship to humanity and Earth.

The book will be provided at Registration on Day One.
